PROFESSIONAL SUMMARY

Motivated Full Stack Developer with hands-on experience building and deploying real-world web applications using React.js, Node.js, MongoDB, and EJS. Delivered 3+ live projects including a full stack healthcare platform serving real patients. Strong foundation in responsive UI/UX design, server-side rendering, and RESTful API architecture. Currently pursuing a B.Sc. in Information Technology while completing an industry-recognized Full Stack certification. Eager to contribute to a high-impact development team and grow with challenging, production-grade projects.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, EJS, Responsive Web Design, Tailwind CSS

Backend: Node.js, Express.js, REST APIs, MongoDB, ASP.NET Framework

Tools & Platforms: Git/GitHub, Figma, WordPress, Vercel, Netlify

Others: Python, UI/UX Optimization, Agile Basics

PROJECTS

Ayushman Diagnostics | *Full Stack Developer* | ayushmaandiagnostics.com

- Developed a full stack healthcare web platform using Node.js (backend) and EJS templating engine (frontend), deployed live and serving real patients
- Built server-side rendered pages with EJS, ensuring fast initial load times and SEO-friendly structure for better search visibility
- Designed RESTful routing architecture with Node.js and Express.js to handle dynamic content, user flows, and navigation logic
- Implemented mobile-first, responsive UI across 3+ device breakpoints, improving patient accessibility and reducing friction in appointment navigation

Amin Multimedia | *Frontend Developer*

- Designed and deployed a professional business website with modular CSS architecture, reducing styling redundancy by approximately 40%
- Built custom UI components aligned with brand identity, ensuring consistent and pixel-accurate cross-device rendering
- Optimized image assets and loading structure for fast performance on low-bandwidth connections

VIRO | *Frontend Developer — E-Commerce*

- Developed a responsive e-commerce platform for feminine care products using React.js with a mobile-first design approach
- Integrated product browsing and shopping flows focused on high-converting UI patterns and intuitive user journeys
- Optimized CSS and image assets for a premium aesthetic across both mobile and desktop screen sizes

EDUCATION

B.Sc. Information Technology — Shree RamKrishna Institute | Sarvajanik University 2024 – 2028

Full Stack Developer Certification — EasySkill Career Academy 2025 – 2026
